MCASE UNSLOTTED FUSE ADAPTER

Littelfuse

NEW

This fuse adapter allows you to use an MCase fuse in a slot designed for a Mini fuse (or other Mini blade component) and fits into a wide range of range of PDM's Power Distribution Modules including but not limited to some of these.

Positions	Module Only	Module Kits
6 Way	PDM32003ZXM	PDMKIT321
12 Way	PDM33003ZXM	PDMKIT331
18 Way	PDM31001ZXM	PDMKIT311, PDMKIT312
60 Way	PDM71003ZXM	PDMKIT711, PDMKIT712

MCase fuses are available in ratings up to 40A, (Mini fuses are only available in ratings up to 30A). This allows you to provide fuse protected power to a circuit with a higher current draw.
Note: the overall height of the fuse adapter with an MCase fuse fitted is taller than the height of a Mini fuse. The adaptor is also wider than a Mini fuse.

Part Number	Description
875-584	MCase to Mini Fuse Adapter

Ampere Rating: 30A continuous max.
Voltage: 32VDC
Pack Size: 1, 10, 50 , 100
